A WARM WELCOME

RT Large is one of Ireland's leading wholesale and distribution companies for the plumbing and bathroom sector in Ireland. With branches in Dublin and Dungannon we are continually expanding to meet the growing needs of the Irish market. Our central locations ensure efficient distribution and access to products.

With 50 years' experience and a trusted reputation, our team carefully source each item to provide you with the latest innovations in bathroom design and functionality. We stock a variety of well-known brands such as Tavistock, Trojan, Ultra Finishing, Hudson Reed, Ariston and Saniflo to name a few.

BATHROOM FURNITURE

Unique Features

SOFT CLOSE DOORS / DRAWERS

Soft close doors / drawers reduce the amount of maintenance and adds life longevity to your furniture by lessening the stress on hinges and hinge plates.

CHOICE OF HANDLES

We aim to give you that bespoke custom feel by offering a variety of handles, whether it's ultra modern or more traditional style, we have it covered.

STORAGE BOX OPTIONS

A simple and contemporary storage solution. Our modular boxes design is cleverly proportioned to fit seamlessly in your furniture drawers. These functional units are ideal for housing bathroom essentials, sundries and smaller accessories, with lidded options for your convenience.

PUSH TO OPEN

No need for handles or knobs. The telescopic drawer slide gives full access to the drawer and also has a disconnect option for easy installation and removal.

SHORT PROJECTION

The perfect choice for those looking to gain some extra space in their bathroom, this option gives a slim depth unit while not compromising on functionality. These units are designed not to protrude as far as standard depth units and therefore take up less floor space in the bathroom.

WORKTOP BOWL OPTION

Giving you even more choice to your furniture we have included a selection of a worktops and a variety of styled vessel basins and not limiting your choice to the traditional ceramic basin.

WORKTOP UNDERSLUNG BASIN

To offer additional options for you, we have included a choice of a worktops and under-mounted basins. This option is designed with style in mind but also to give space and functionality back to a busy bathroom environment

CERAMIC BASIN

Units supplied with a ceramic basin option; Ceramic Basins offer durability in your bathroom. Ceramic sinks have an extremely strong surface that is resistant to scratching, chipping, and impacts, which makes them able to withstand the rigors of everyday use.

ISOCAST BASIN

Units are supplied with an isocast basin, these isocast basins give a slick and precise finish to sit proudly on top of the furniture. Each basin is made to perfection ensuring the basin and unit combination are the design feature of any bathroom.

LIGHTING OPTIONS

A convenient strip lighting kit. Perfect for brightening dark in-drawer spaces and helping you find bathroom essentials quickly and easily.

MIRRORS

MIRRORS

Unique Features

LED LIGHTING

LED lighting products produce light up to 90% more efficiently than incandescent light bulbs. LED lighting is more efficient, versatile, and lasts longer

COLOUR TEMPERATURE & DIMMABLE

The main advantages of CCT (Colour changing technology) adjustable lights are that you're not stuck with one colour temperature and you can change it depending on the function of the room.

INFRARED SENSOR

An infrared sensor helps to detect the movement of your hand and turn the LED lights on without an unsightly pull cord hanging down.

LANDSCAPE OR PORTRAIT

The choice to place the mirror either in Landscape or Portrait format.

HEATED DEMISTER PAD

Heated mirror demister pads ensure that your mirror remains crystal clear even in the steamiest bathrooms. Attempting to wipe away the steam is ineffective and only results in soiling the mirror, making it even more difficult to clean.

IP44 RATING

A product that has a rating of IP44 means that it is protected against solid objects that are bigger than 1mm and water splashing from all directions.

BLUETOOTH AUDIO

These bathroom mirrors with Bluetooth speakers enable you to connect your phone wirelessly, allowing you to stream music, radio, and podcasts while you shower.

CHARGER SOCKET

These elegant and stylish mirrors will ensure you never get caught without power for your shavers and electric toothbrushes

TOUCH SENSOR

Touch sensor operated LED light.

CONTACTLESS SENSORS

The mirrors have a smart contactless sensor so you can switch on/off your mirror without even touching it. All it takes is a simple wave over the sensor.

With Bluetooth wireless technology, LED illumination, heated demister pad and touch control, this is the epitome of a multifunctional bathroom mirror. With two styles to choose from, this slim, modest design will sit beautifully above a more contemporary bathroom vanity unit.

Unique Features – See page 90 for definitions

An intuitive, multipurpose mirror for the modern bathroom. This slim-depth and simply styled mirror conceals lots of useful features such as infrared sensor control, demisting doors and bright LED illumination.

SANITARY
WARE

SANITARY WARE

Unique Features

COMFORT HEIGHT

Comfort height toilets measure 4-5cm higher than a standard toilet, this makes them more comfortable for the user. A comfort height toilet may be the best option for you if you're taller, elderly or less mobile as there's less pressure on the knees and other lower body joints. Sitting down and getting up is made easier by the extra height.

OPEN BACK

Open back toilets are not fully concealed to the wall. This allows for easy access to pipework

WALL HUNG

A wall hung toilet is mounted onto the wall instead of the floor. The cistern is fitted into the wall and is accessible via a flush panel. As the toilet pan floats a few inches above the floor, it creates the illusion of a larger bathroom and makes cleaning easier too. The toilet pan is mounted onto a wall frame.

BACK TO WALL PAN

A back to wall toilet has been designed to be positioned against the wall with the cistern and pipework hidden from view so that only the toilet pan is visible. The cistern can be fitted into a WC unit or into the wall.

FULLY SHROUDED

A fully shrouded toilet, meaning the waste pipe and water inlet are "fully shrouded" within the ceramic, so the toilet sits flush against the wall.

EXPOSED INLET

As the name suggest the pipework for the pan are exposed at the back, this allows access to the water supply for the cistern.

RIMLESS TECHNOLOGY

The rimless design makes it exceptionally hygienic and easy to clean, a simple wipe of the rim means there is nowhere germs can hide. Water is projected around the bowl to reach every part and ensure it is completely clean.

SHORT PROJECTION

A short projection toilet means that it has a shorter depth than standard, and therefore does not protrude as far, taking up less floor space. A short projection toilet is ideal for a small bathroom or cloakroom suite.

-------	------------	---------

RIMLESS TECHNOLOGY

The rimless design makes it exceptionally hygienic and easy to clean, a simple wipe of the rim means there is nowhere germs can hide.

Water is projected around the bowl to reach every part and ensure it is completely clean.

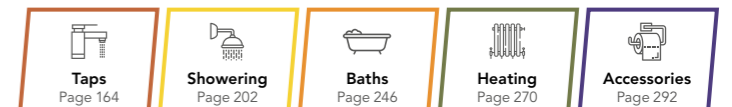

Unique Features

See page 120 for definitions

Note: Bottle trap not included with the 550mm Basin, please see page 201 for bottle trap options.

SHOWERING

Unique Features

TMV
 TMV stands for thermostatic mixing valve. These specialist valves are designed to ensure the flow of water from an outlet fitted with one cannot become too hot.

TMV2
 A TMV2 fitting is designed for use in a domestic environment. They work with water pressures of between 0.1 bar and 5 bar, and are ideal for use in households and other domestic settings.

TMV3
 TMV3 fittings have been specifically designed for use in healthcare environments. Hospitals, care homes, and other similar settings must use these; installing TMV2 valves would not suffice. TMV3 fittings are also designed to work with much higher water pressures, from 0.2 bar to 10 bar.

COOL TOUCH
 Cool touch' version ensures that the metal valve body does not get warm to the touch, unlike conventional bar mixer showers. With cool touch, the cold supply runs across the valve before being 'mixed' to ensure added showering comfort and safety for children when showering.

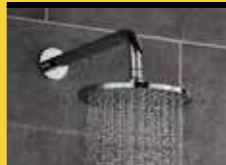

ANTI-LIMESCALE
 One of the key issues is that limescale can build up around 'hot spots' within the showering system. To eliminate this issue, Anti-Limescale technology works by lengthening the heating elements as well as widening the gaps between the coils. This means that the heating tank runs at a consistent temperature throughout, eliminating the chance for 'hot spots' and the build-up of limescale.

WALK-IN SHOWER TRAYS

Our walk-in trays will help complete a minimalist wetroom design. They can be set into the floor for a neat finish and have a large shower tray with a grooved drying area.

The Walk-in Trays feature an ABS capped acrylic exterior, giving a hard-wearing, durable and easy-to-clean surface. The innovative encapsulated baseboard gives added strength and screw retention to easily fit feet.

- No shrinkage, warping or twisting
- Light strong and durable
- ABS capped acrylic

DESCRIPTION	CODE	PRICE
1400 x 900 x 40mm	UNTP1490	€456.50
1600 x 800 x 40mm	UNTP1680	€472.50
1700 x 800 x 40mm	UNTP1780	€499.00

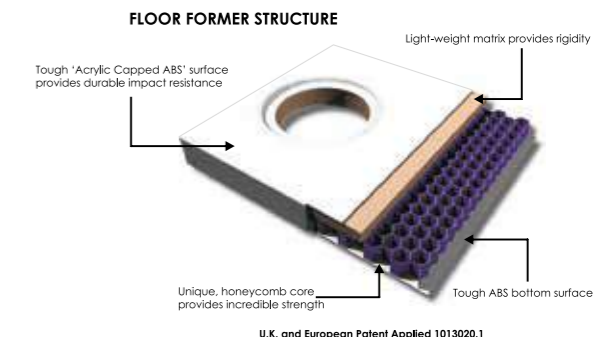

See page 188 - 193 for options on wet room glass screens.
See page 205 for shower waste options.

WETROOM TRAY FORMERS

Independently tested to demonstrate that our unique patent applied structure can withstand in excess of 1 ton of applied weight without notable deflection. Whilst being incredibly strong, our formers have also remained light-weight. As an example, our 900mm x 900mm former weighs only 11.5kg. This level of performance is unmatched by any other floor former on the market.

DESCRIPTION	CODE	PRICE
900 x 900 x 22mm	WFF900	€365.00

Wet Room Tray Former - To Suit Vinyl Floor

Code WFWASTEVINYL €197.00

FLEXI-SEAL

Use Flexi-Seal to protect floors and ceilings from expensive water damage caused by leaks from shower trays, baths and work surfaces.

Flexi-Seal uses a combination of a durable flexible rubber with a waterproof butyl based adhesive to give maximum protection between the application surface and tiles or panels.

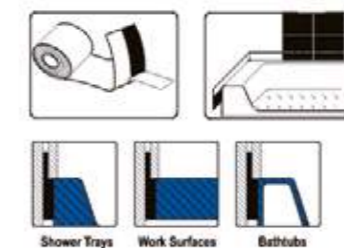

Since the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly with new builds.

Available in 2m, 3m, 4m, 10m & 20m rolls.

2m	Code TFLEXI2	€30.00
3m	Code TFLEXI3	€44.50
4m	Code TFLEXI4	€59.00
10m	Code TFLEXI10	€145.50
20m	Code TFLEXI20	€279.50

PROTECTS AGAINST WATER DAMAGE CAUSED BY LEAKS

BONDMASTER TANKING SYSTEM

- Kit for tanking shower rooms
- Contains Tilers Primer, Polyester Joint Tape, Waterproof Liquid Membrane & Polyester Matting
- Used prior to fixing ceramic wall tiles
- Ensures a water tight barrier preventing water penetration
- Suitable for use on a wide variety of surfaces including concrete, cement-sand rendering, plaster, plasterboard and moisture stable timber boards
- Not recommended for outdoor use
- Covers 6sq metres

iCON FAN RANGE

The iCON range offers a stylish and innovative approach to ventilation. The unique 'iris' system operates by opening and closing as required. This greatly reduces back draft and external noise ingress.

The units come in three variations; iCON15, iCON30 and iCON60 which are customised for various applications as can be seen in the table below. All units come as standard in a white finish with the option to upgrade from a choice of finishes and control module options. Note that the iCON range has been designed to provide ventilation levels that meet the latest Building Regulations ADF.

FEATURES

- Conforms to IPX4 rating
- Range of finishes available
- Stylish, slim and unobtrusive in walls or ceilings
- Unique iris shutter, prevents back draughts, operates silently
- Interchangeable control modules match fan to installation requirements
- Circular design, no squaring up
- Very simple installation
- 3 year warranty

HEATING

Anthracite Ladder Rail - See page 286

HEATING

Unique Features

COLOUR OPTIONS

A choice of colours options available for your radiator.

TOWEL HANGING OPTION

A bathroom radiator is a great way to complete the look of any bathroom but also has the practical use of warming your towels. A heated towel rail is easy to install and come in lots of different sizes and styles to meet your needs.

DESIGNERS CHOICE

Designer radiators are designed to add unrivalled and superior style and comfort to any room of your home, without compromising on functionality.

ALUMINIUM RADIATOR

Aluminium radiators transfer the heat from the boiler to the room faster than steel radiators. They require less heated water from the boiler and will be faster to respond to changes in the room heat requirement, reducing any wasted heat.

SIZE OPTIONS AVAILABLE

A comprehensive range of sizes available suitable for all bathrooms

COSYTOES

Suitable for domestic and commercial installations, Cosytoes TRADEMAT is ideal for almost anywhere that requires efficient and economical heating.

Now you can have the affordable luxury and practicality of a tile or stone floor that is warm and inviting to walk on, even on the coldest days.

Cosytoes TRADEMAT can also be installed in a screed or self-levelling compound under most floor finishes such as hardwood and laminate following manufacturers advice, and carpet or vinyl.

- Completely safe
- Maintenance free
- Efficient, intelligent control
- 160 watts per square metre
- Safe 9 watts per linear metre
- Suitable for insulated concrete or timber sub-floors
- More wall space, no radiators
- Healthier environment, less airborne dust

“That warm comfortable feeling begins with the feet”

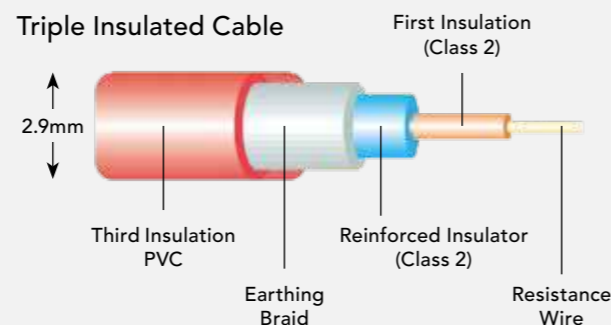

3 Simple and Easy Steps

20

20 YEAR WARRANTY

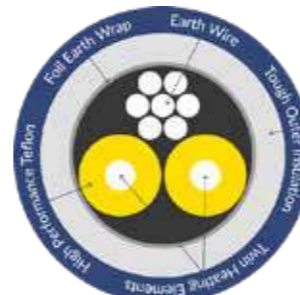

- 1. EASY TO SIZE**
Floor area in sq.m. less than 10%, less any area of fixed objects.
- 2. EASY TO LAY**
Staple, hot glue, clip, screw or use Cosytoes plastic push in fixings to fix down the backing net. Cut the net between wire loops to change direction. Correct spacing assured. Simply tile the floor as normal using flexible adhesive.
- 3. EASY TO USE**
Use Cosytoes pre-programmed Timerstat for accurate simple time and temperature control.

Full installation instructions included.

USE ANY COMBINATION OF THE FOLLOWING TO HEAT THE REQUIRED AREA. ALWAYS CHOOSE THE MAT OR COMBINATION THAT IS EQUAL TO OR LESS THAN YOUR REQUIRED AREA.

Code	Product	Output Watts / m.sq.	Total Output Watts	Area Covered Square Metres	Matt Size	Price
COSYTM10	TM1	160	160	1	0.5m x 2.0m	€139.50
COSYTM15	TM1.5	160	240	1.5	0.5m x 3.0m	€185.50
COSYTM20	TM2	160	320	2	0.5m x 4.0m	€231.00
